

Grade 2 Home Learning Grid

Term 3 Weeks 1 & 2

How We Express Ourselves

Look at the different images around you. What do you think their meaning is? Are they giving you information, or telling you a story?

Math

Explore making growing and shrinking patterns at home. You can use Lego, beads, buttons or anything that you like. Take a photo of your pattern and send it to gclass@iss.edu.sg

Don't forget to do your Mathletics work too!

Literacy

Read for 15 minutes every day. If you get stuck on a word, chunk it into smaller parts to help you work it out.

Complete your word sort and/or practise your words on Spelling City.
(New words will be given in Week 2).

Just for Fun Brain Teaser

How many months have 28 days?
