

Grade 2 Home Learning Grid - Term 1 Week 5 & 6

Unit of Inquiry

Think about the different relationships you have and how you communicate with these people.

Math

Practise adding multiples of 10 to a number.

For example, $23 + 10 = 33$, $23 + 20 = 43$, $23 + 30 = 53$ etc.

Don't forget to do at least one Mathematics activity per week.

Literacy

Read a book for 15 minutes every day. Practise retelling the story or facts to someone in your family.

Don't forget to do your word sort too!

Just for Fun Brain Teaser

What starts with the letter "t", is filled with "t" and ends in "t"?
